1.2 Responsibilities

Should the event have to be cancelled at a later stage, the LOC will try its' best to handle the force majeure situation with the reimbursement of costs for accommodation and meal bookings. However, the financial responsibility for all bookings (travel, accommodation, meals) remains with the NF.

In order to maintain the safety of everyone participating in the event it is the responsibility of the NF that all of their delegation members commit to fully respect the Covid-19 measures. 2.2 Competition Format

The FIG requirements for Juniors and for Seniors will be applied for all phases of competitions.

Event ID, Senior: 16904

Event ID, Junior: 17008

According to FIG TR 2022, the 2022 European Championships is a qualifying event for the World Championships. For details, see the FIG TR **Art. 5.1.1 Qualifications Pathway to the World Championships**.

QUALIFYING COMPETITION

Seniors - Qualifying Competition incl. All-Around Final, plus qualification for Team Final and Apparatus Finals.

Juniors - Qualifying Competition incl. All-Around and Team Final, plus qualification for Apparatus Finals

A Senior and Junior team consists of 3 - 5 gymnasts, of which up to 4 gymnasts compete on each apparatus. The 3 best scores on each apparatus are added together to make the team total on that apparatus. The NF nominates the team on each apparatus.

If a Federation does not have a sufficient number of gymnasts for a full team, it is possible to participate with Individual gymnasts.

The results of the Senior & Junior Qualifying Competition will determine the All-Around Senior / Junior European Artistic Gymnastics Champion 2022. A separate All-Around Final result list will be produced which will detail the top 24 gymnasts with the highest All-Around ranking. A maximum of 2 gymnasts per Federation will be taken into consideration.

The results from the Junior Qualifying competition will also determine the Junior European Artistic Gymnastics Team Champions 2022. A separate Team Final result list will be produced which will detail the top 8 Teams with the highest Team total ranking. In the event of a tie in any place in the Team Final & All-Around Final results and in line with the FIG Technical Regulations for Juniors, the tie will not be broken.

SENIORS - Team Final

The 8 best Teams from the Qualifying Competition will participate in the Team Final. A Team consists of 3 to 5 gymnasts. 3 gymnasts will compete on each apparatus with all 3 scores counting towards the total score for the Team on that apparatus.

SENIORS & JUNIORS - Apparatus Finals

The 8 highest ranked gymnasts on each apparatus from the Qualifying Competition will qualify for the respective Apparatus Final. A maximum of two gymnasts per federation will be allowed in the finals.

RESERVE GYMNASTS:

For the Apparatus Finals, three (3) Reserve gymnasts will be designated by taking into account the respective Apparatus ranking results in the Qualification Competition.

If called upon, a reserve gymnast will work in accordance with the order of the gymnast she replaces. Reserves must be prepared to compete and must be present in the warm-up hall in case they are called upon.

2.2.1 Registration changes

According to Art. 6 of the FIG / TR.

Forms must be submitted to Mrs Anca Mihailescu-Grigoras, the European Gymnastics WTC President via the Delegation Information Desk.

2.2.2 Qualifying Competition - Juniors and Seniors

According to the FIG / TR, in case of a tie in points at any place in the QC, for qualification to the Finals and in the Finals, the tie breaking rules will apply.

Starting orders for competitions will be according to the drawing of lots carried out in Lausanne on **7th July 2022** and published by European Gymnastics.

For the Seniors' and Juniors' QC, the draw for Mixed Groups will be made from the National Federations with individual gymnast(s). The starting order of the Teams and Mixed Groups will be made by the drawing of lots according to the European Gymnastics/TR:

For the Seniors' QC the draw will start with the 4 highest ranked European Teams from the Qualification Competition at the Tokyo 2020 Olympic Games. The Teams are:

- FRA, BEL, GBR & ITA (Reserve GER)

The 4 ranked Teams will be drawn in the final subdivision and placed horizontally across the apparatus working in Olympic order.

For Juniors' QC, the draw is open for all subdivisions.

If a NF has made a nominative inscription with a team and presents with only individuals at the competition or if the number of individuals at the competition is less than the number of gymnasts detailed in the nominative inscription, the European Gymnastics / WTC is entitled to adjust the starting order of the competition, to reflect the actual number of gymnasts present at the competition.

Teams: The competing order for gymnasts in a team is decided by the National Federation.

Mixed Group: NF with more than one gymnast within a Mixed Group must submit the Starting Order for their gymnasts on each apparatus. A Federation can only choose the order if they have two gymnasts in a Mixed Group. If a Federation has only Individual gymnasts and one of their gymnasts does not compete on an apparatus, the Federation can choose which position to compete in.

The competing order of the Teams / Mixed Groups will **NOT** alternate during the Qualification Competition – example as follows - **Rotation 1** AUT, Mixed Group, **Rotation 2** AUT, Mixed Group.

The gymnasts in the first Team / Mixed Group will warm-up and compete, then the gymnasts of the second Team / Mixed Group will warm-up and compete.

The competing order for NF with Individual gymnasts inside a Mixed Group **WILL** rotate in the Qualification Competition– example as follows - **Rotation 1** – ISL, ISL, NOR, NOR – **Rotation 2** – ISL, NOR, NOR, ISL.

If a gymnast is not competing on all apparatus she has the right to leave the competition area and return to the warm-up hall, however, she should ensure to return to the competition hall in sufficient time for her next apparatus.

2.2.3 Team Final - Seniors

According to the FIG/TR, in case of a tie in points at any place in the TF the tie breaking rules will apply.

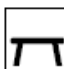

For the TF, two (2) teams will compete on each apparatus. Each Team will have a touch warm-up. The Team who is competing first (as per the starting order) will do their touch warm-up first. When the first Team is finished their touch warm-up the second Team will commence their touch warm-up. The timer will indicate the start and end time of each touch warm-up. Only teams who are doing their touch warm-up are entitled to be on the Podium.

In the competition, Teams will not compete in one block; they will compete as described in the FIG TR – see example below.

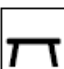

The numbers correspond with the ranking of the teams after the Qualifying Competition. If a gymnast is not

competing on all apparatus, she has the right to leave the competition area and warm-up in the warmup hall, however, she should ensure to return to the competition hall in sufficient time for her next apparatus.

2.2.5 Apparatus Finals - Juniors and Seniors

According to the FIG/TR, in case of a tie in points at any place in the Apparatus Finals, for qualification for the Finals and in the Finals, the tie breaking rules will apply.

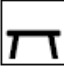

The draw for the starting order for AF was carried out in Oslo on 17th June 2022 by the European Gymnastics WTC.

If more than 8 gymnasts qualify for one apparatus final, a draw will take place to determine the starting order. If a gymnast competes in two (or more) successive Apparatus Finals and medals in the preceding Final (thus reducing the gymnasts' opportunity to return to the warm-up hall prior to the next Final), the WTC will (if necessary) adjust the start order. As a result, the start order for the Final following the medal presentation may be amended.

Study EC2022

Therefore, a study team will be present at the medical centre of all official venues and will document the injuries and illnesses. The aim of the study is to provide better care for athletes during multisport events. It is important to ensure better planning for athletes and organizers with a scientific foundation.

4.14 Ticketing Information

Athletes' Tickets

In the spirit of the multi-sport event, accredited athletes will have the opportunity to attend events of all nine sports free of charge. Please note that the number of available seats depends on the capacity and occupancy of the venues.

Reservations are generally not possible, and access will be granted onsite and is subject to availability. In general, no tickets will be issued. On site, the athlete can enter the venue through a specially assigned entrance (usually located at the main entrance). Admission will be granted upon presentation of a valid EC2022 accreditation.

There is no fixed entitlement to a seat. As soon as the ticket holder claims her or his seat, the athlete must release the seat and find an alternative available seat. In most venues there will be a designated area for athletes.

The current sales status can be viewed in the European Championships 2022 webshop. By clicking on the corresponding session, the sales status can be seen. In general, a distinction is made between the following levels of utilization:

Available (High probability of access to the respective event)

Limited Availability (The probability of access to the event is limited and cannot be guaranteed on site)

Not available (access to the respective event is not possible)

The sales booth is flexible and can change at short notice, therefore access is not guaranteed.

To allow other athletes to access the venue, it is important to use the exclusive entrance again when exiting the venue. This will ensure that the ticketing volunteer frees up a space in the system and another athlete has the opportunity to visit the event.

Spectators' Tickets

As a multi-sport event, European Championships Munich 2022 hosts nine different sports. In addition to the Artistic Gymnastics competitions, there is numerous other sports spectators can enjoy and buy tickets for. Some sports are even free of charge.
