2.2 Competitions Format

The FIG requirements for Juniors and for Seniors will be applied for all phases of competitions.

Event ID, Senior: 17274

Event ID, Junior: 17288

According to FIG TR 2024, the 2024 European Championships is a qualifying event for the Olympic Games Paris 2024. **For details, see the FIG TR Appendix A – Qualifications Pathway. – Criteria 7**

QUALIFYING COMPETITION

Seniors - Qualifying Competition incl. All-Around Final, plus qualification for Apparatus Finals and Team Final

A Senior team consists of 3 - 5 gymnasts, of which up to 4 compete on each apparatus. The 3 best scores on each apparatus are added together to make the total score for the Team on that apparatus. MAG Federations who compete with a Senior Team may bring a 6th gymnast to participate as an individual apparatus specialist. This gymnast may compete on a maximum of 3 apparatus. The apparatus on which the 6th gymnast competes must be declared in the confirmation of starting order. The 6th gymnast will compete with the team, always as the last gymnast on the apparatus.

If a Federation does not have a sufficient number of gymnasts for a full team, it is possible to participate with Individual gymnasts.

A separate All-Around Final result list will be produced including the 24 gymnasts with the highest ranking obtained. A maximum of 2 gymnasts per Federation will be taken into consideration.

The results from the Senior Qualifying competition will determine the All-Around Senior European Artistic Gymnastics Champion 2024.

Juniors - Qualifying Competition incl. Team Final, plus qualification for All-Around Final & Apparatus Finals

A Junior team consists of 3 - 5 gymnasts, of which up to 4 compete on each apparatus. The 3 best scores on each apparatus are added together to make the total score for the Team on that apparatus.

If a Federation does not have a sufficient number of gymnasts for a full team, it is possible to participate with Individual gymnasts.

The results from the Junior Qualifying competition will determine the Junior European Artistic Gymnastics Team Champions 2024.

SENIORS & JUNIORS - Apparatus Finals

The 8 highest ranked gymnasts on each apparatus from the Qualifying Competition will qualify for the respective Apparatus Final. A maximum of two gymnasts per federation will be allowed in the finals.

SENIORS - Team final

The 8 best Teams from the Qualifying Competition will participate in the Team Final. The teams consist of 3 to 5 gymnasts, of which up to 3 compete on each apparatus. The 3 best scores on each apparatus are added and make the total result.

RESERVE GYMNASTS:

For the Apparatus Finals, the following number of reserve gymnasts will be designated, by taking into account the respective Apparatus ranking results in the Qualification Competition:

- Three (3) gymnasts per apparatus

If called upon, a reserve works in accordance with the order of the gymnasts replaced. Reserves must be prepared to compete and must be present in the warm-up hall in case they are called upon.

2.3 Qualifying competition (QC) - Juniors and Seniors:

In case of a tie at any position at the end of the QC, the tie breaking rules set out in FIG/TR apply.

Starting orders for competitions will be according to the drawing of lots carried out on 28th March 2024, by the head office of European Gymnastics. After the draw the start lists will be published by the office of European Gymnastics.

If a national federation has made a nominative inscription with a team and will present only individuals by the time of the competition or if the number of individuals is less than the number of the gymnasts from the nominative inscription by the time of the competition, the European Gymnastics MTC is entitled to make adjustments of the starting order for the competition, according to the actual number of gymnasts present at the competition.

Team: the competing order for gymnasts in a team is decided by the national federation.

Mixed group: NF with more than one gymnast must submit the order for their gymnasts on each apparatus.

The competing order of the teams/mixed groups will not change during the competition. The gymnasts of the first team/mixed group will warm-up and compete; then the gymnasts of the second team/group will warm-up and compete. The team/mixed group will compete in the same order in the subsequent apparatus.

If one gymnast is not competing on all apparatus, he has the right to leave the competition area and warm-up in the warm-up hall. The gymnast may return at their own discretion.

2.4 Team Final (TF) - Seniors

According to the FIG/TR, in case of a tie in points at any place in TF the tie breaking rules apply.

The competing order of the teams will do alternate the team as below.

The numbers correspond with the ranking of the teams after the qualifying competition.

If one gymnast does not compete on all apparatus, he has the right to leave the competition area and warm-up in the warm-up hall. The gymnast may return at their own discretion.

The medal ceremony takes place on the podium immediately after the competition (3 teams on the podium).

2.5 Apparatus Finals (AF) - Juniors and Seniors

If a qualified gymnast is prevented from taking part in AF competition, he can be replaced by the next gymnast from his federation, if his result in QUALIFICATION is better than that of the first reserve.

The reserve will be placed on the starting position of the gymnast he replaces.

If more than 8 gymnasts are qualified in one apparatus final, a draw will take place, to determine the starting order.

If a gymnast competes in two (or more) successive apparatus finals and medals in the preceding final (thus reducing the gymnasts' opportunity to return to the warm-up hall prior to the next final), the MTC will adjust the starting order if needed.

The starting order of the final following the medal presentation will be adjusted accordingly and places 6, 7 & 8 will be allocated to these gymnasts (if necessary).

Apparatus Finals - Juniors

The junior apparatus finals will take place following the European Gymnastics system, namely two apparatus at the same time, divided into 3 blocks (floor-pommel horse, rings-vault and parallel bars-high bar);

The touch warm-up will take place on the podium.

The following principles will apply for the drawing of lots:

- I. If there are gymnasts qualified at two apparatus from the same block, they will compete:
 - At the first apparatus in the first group (starting order by draw) and
 - At the second apparatus in the second group (the same starting order as the first apparatus in order to allow him enough time to rest);
 - For instance, one gymnast that will compete 3rd in the first group at floor will compete 3rd in the second group at pommel horse.

- II. If there are in one block more than 4 gymnasts qualified for 2 apparatus we will have a draw:
- The first 4 gymnasts from the first group at the first apparatus (valid as well as starting order);
 - The starting order of the remaining gymnasts at the second apparatus in the first group, together with the other finalists;
 - For instance, 6 gymnasts are qualified for the finals at floor and at pommel horse: 1st draw – finding the first 4 gymnasts from the first group at floor; the same starting order for the second group at pommel horse. 2nd draw – the starting order of the remaining 2 gymnasts at pommel horse in the first group together with the other 2 finalists. The same starting order at floor for the second group. 3rd draw – the starting order of the other finalists at floor for the second group.
- III. If one finalist has to be replaced for different reasons after the draw by one finalist who is already finalist in the same block at another apparatus and in the same block number:
- This finalist will keep his position drawn already;
 - This finalist will take the 3rd position in another group of the apparatus of the replaced gymnast;
 - We will have in this case one group of 3 gymnasts and one group of 5 gymnasts;
 - For instance, finalist A at floor in the first group must be replaced by the gymnast B, who is already in the pommel horse final in the first group:
 - The place of the gymnast A in the first group at floor will remain free (only 3 finalists);
 - ❖ The gymnast B will keep his place in the first group at pommel horse;
 - ❖ The gymnast B is the third in the second group at floor (5 finalists)
- The timing for the Juniors' apparatus finals is the following:

Junior Competition

In the event of a tie in any place in the Team Ranking, in the All-Around Ranking and in the Apparatus Finals, ties will not be broken .

2.7 Changes of the starting order

Touch Warming Up and Competition Procedure for Senior Teams during Qualification

With the potential addition of a 6th gymnast on 3 apparatus to the federation entry, please note the following procedures for the touch warming up and competition in the Qualification.

- When the team does not have a 6th gymnast competing on an apparatus, the usual team touch warming up and competition procedures will apply.

- When the team does have the 6th gymnast competing on an apparatus,
 - the extra 30 seconds (50 seconds on P Bars) for the touch warming up will be part of the federation warming up time.
 - For example, on Pommel Horse the federation will have up to a total of 150 seconds (2 minutes 30 seconds) – this is 120 seconds for the 4 team gymnasts plus 30 seconds for the 6th gymnast.
 - For example, on Parallel Bars the federation will have up to a total of 250 seconds (4 minutes 10 seconds) – this is 200 seconds for the 4 team gymnasts plus 50 seconds for the 6th gymnast.
 - For warming up on vault each gymnast is allowed up to 2 vaults maximum without deduction.
 - The (up to) 4 team gymnasts will always compete first at each apparatus. The 6th gymnast will compete on the apparatus after all the team gymnasts have competed.
- With 2 teams on each apparatus in a subdivision, the first team (plus 6th gymnast if competing at that apparatus) will warm up and compete. Then the second team (plus 6th gymnast if competing at that apparatus) will warm up and compete.

2.9 Access to the competition area

The competition area is accessible to competing gymnasts and their accredited coaches, members of various juries, local group leaders, the auxiliary personnel of the Jury, the President of the European Gymnastics Medical Commission, the official doctor, the team doctors, medical staff and to persons concerned with the apparatus. Interpreters may not enter the competition area without the permission of Mr. Mario Vukoja, the President of the European Gymnastics/MTC. The competition area is strictly forbidden to all other persons.

Concerning the presence of the coaches and medical team on the podium the following provisions will apply:

- Each team in QC and TF may be assisted in the competition area by not more than 2 coaches. For individual gymnasts only 1 coach is allowed.
